## LUSITANIA STRUCK BY ONLY ONE TORPEDO

## Such Is Evidence Of Captain Turner

DEADLY MISSILE FOUND VITAL SPOT, HOWEVER, AND SENT SHIP AND 1,000 SOULS TO BOTTOM.

By Associated Press.

LONDON, May 10.—The Cunard liner Lusitania, sunk last week off Old Head, Kinsale, by a submarine was struck by only one torpedo, according to the testimony of Captain Turner of the steamer given at the coroner's inquest at Kinsale. But the deadly missile found a vital spot and sent the liner to the bottom in less than 20 minutes carrying with her more than a thousand persons. The evidence and testimony presented by Turner led the jury to bring in a verdict of "wholesale murder" against the German emperor, his government and the officers of the submarine directly responsible for the sinking of the ship. It was also disclosed by Turner and by Winston Churchill, First Lord of the Admiralty in a statement to the house of commons that the captain received wireless advices from the admiralty in regard to the presence of submarines off the liner's course.

Turner in his testimony said he followed the advice to the best of his ability. The character of advice tendered by the admiralty was not divulged and will not be until Lord Mersey opens the inquiry into the loss of the ship. Meanwhile the cause of the heavy loss of life and absence of a naval escort and the suddenness with which the ship sank afford room for much speculation.

Anti-German riots have been occurring in many sections of England, while the more staid business men decided to exclude all men of enemy countries, even naturalized Germans, from the exchanges of the country. There has been a boom in recruiting and recruiting has also been helped by the German air raid early this morning. A hundred and twenty bombs were dropped at South End and vicinity but there were only two deaths. The material damage was \$50,000.

## NINE ARRESTED ON CHARGE OF BOOTLEGGING

SEVEN PUT UP BAIL AND ARE RELEASED, TWO GO TO JAIL; MORE WARRANTS TO BE ISSUED.

(From Tuesday's Daily.)

The first steps in a crusade to stamp out in Prescott the alleged illegal sale of liquor, were taken at 6:30 o'clock last evening, when warrants were issued for the arrest of a number of men formerly engaged in the saloon business. Nine were taken into custody, six of whom secured their release on bonds the other two being forced for lack of bail to spend the night in the county jail.

Rumors that such action was contemplated have been prevalent for several days, in fact ever since the appearance in this city last week of A. R. Buckman, secretary of the State Temperance Federation, which but recently closed its annual session in Phoenix. It is claimed, however, that Buckman had nothing to do with the raid of last evening and had no hand in instigating it. Efforts to secure information on the subject proved unavailing, those in a position to impart information, being very reticent on the subject. All kinds and character of conjectures were available, but none of them had official sanction.

Shortly after the first of the year Sheriff Young in an open circular gave warning that the sale of liquor must cease upon penalty of vigorous prosecution. Whether the warning was heeded is a question yet to be legally determined, but it is evident that he believes it was not.

The complaints were sworn to by Perito Alto and John Van Order before Justice McLane last evening and the alleged dealers in liquor were soon rounded up by Sheriff Young and his force of deputies. Nine people were placed under arrest and when arraigned before Justice McLane seven were released on bonds and two placed in the county jail.

Those arrested last night were Andras Madero, Peter Gautrand, Robert Griffith, Mike Chiantaretti, Larry Duff, Sid Birch, Frank Ito, James Hargigan and Mario Treviso. The last two named are in jail and the others are out on bail. Madero, Chiantaretti, and Gautrand were put under bonds of \$250 while the bonds of Ito, Birch, Duff and Griffith were placed at \$500. The bonds were all approved by County Attorney O'Sullivan.

There seems to be considerable mystery surrounding the identity of the complaining witnesses, Perito Alto and John Van Order. The first named is a Mexican, and it is said, played a similar role recently in Flagstaff, to the one enacted here. Where Van Order hails from is not known. Street talk said both were emissaries of the Law Enforcement League, an organization which was born in the Pima section shortly after the prohibition amendment went into effect. This statement was denied, but not from an official source.

The arrests last evening are not all that are to be made. Complaints have been issued against three or four other parties and it is expected the warrants will be served upon them some time today.

## THERE IS SUCH A THING AS BEING SO RIGHT THAT IT DOES NOT NEED TO CONVINCE OTHERS BY FORCE IT IS RIGHT, DECLARES PRES. WILSON

By Associated Press.

WASHINGTON, May 10.—Official Washington waited for word from the president as to what would be the policy of the United States towards Germany in the crisis resulting from the sinking of the Lusitania. There is continued discussion of the suggestion that the United States will sever diplomatic relations with Germany without a declaration of war.

Before leaving for Philadelphia the president locked himself in his study in the White House and gave orders that he did not wish to be disturbed. He consulted with no one and it is believed has been considering what he will submit to the cabinet tomorrow.

## PERSUASION TO BE TRIED ON GERMANY

PHILADELPHIA, May 10.—The president gave to a gathering of 4,000 naturalized Americans tonight the first intimation of what course the United States will pursue in the situation resulting in the loss of more than 100 American lives on the British liner Lusitania.

He spoke by implication, but his hearers interpreted his remarks as meaning that while the United States would remain at peace it would seek to convince Germany of the injustice to mankind of the tragedy of last Friday.

"America," said the president, "must have the consciousness that on all sides it touches elbows and touches hearts with all the nations of mankind. The example of America must be a special example; it must be an example not merely of peace because it will not fight, but because peace is the elevating influence of the world, and strife is not. There is no such a thing as a man being too proud to fight. There is such a thing as being so right that it does not need to convince others by force that it is right."

## MURDER CHARGE LAID AT DOOR OF GERMANY

SENSATIONAL VERDICT IS RENDERED BY CORONER'S JURY ON TORPEDOING OF LUSITANIA.

By Associated Press.

## Boy Is Missing; Mother Alarmed

Mrs. M. A. Roberts, of Phoenix, writes to friends in this city making anxious inquiry of the whereabouts of her 11-year-old son, Royal Roberts. This youth left his home on last Wednesday, and all trace of him was lost after he left Wickenburg. He traveled in a passenger coach to that point and then entered a refrigerator car, with a middle-aged man, the latter stating he was en route to Prescott and thence to Fosil creek. Young Roberts has brown eyes, and brown hair, wears a blue shirt, and his clothes are brown in color. Any information of this missing boy will be gratefully appreciated by the mother.

## WHITE SLAVERS ARE DENIED A REHEARING

ONLY HOPE LEFT FOR DIGGS AND CAMINETTI IS AN APPEAL TO THE SUPREME COURT.

By Associated Press.

SAN FRANCISCO, May 10.—Maury I. Diggs, and F. Drew Caminetti, whose conviction was recently affirmed, were denied a rehearing by the United States Circuit Court of Appeals. A writ of mandate for the execution of the sentences will be issued within five days. It is understood that counsel for the defense will ask for a stay and appeal to the Supreme court.

the civilian population of Germany has forced Germany to resort to retaliatory measures. In spite of the German offer to stop its submarine war in case the starvation plan was given up, British merchant vessels are being generally armed with guns, and repeatedly have tried to ram submarines, so that previous search is impossible. If England, after repeated official and unofficial warnings, considered herself able to declare that

## TROOPS PATROL STREETS OF VICTORIA

MARTIAL LAW IS MADE NECESSARY BY OUTBURST OF ANTI-GERMAN SENTIMENT.

VICTORIA, May 10.—This city is under martial law as a result of renewed attacks upon the German establishments by mobs which are bent on revenge. Eight hundred troops patrolled the streets last night. A guard was placed around the government house to prevent disorderly scenes. The mob last night was composed of civilians, who smashed the windows of many German establishments.

IMPRESSIVE IS FUNERAL QUEENSTOWN, May 10.—Ninety-two passengers of the Lusitania were buried this afternoon with services that have had no parallel in history. Under a sky in which there was not a single cloud and to strains of hymns played by British soldiers, they were laid to rest two miles behind Queens-town, in a cemetery bursting with spring greenery, tucked between hills flaming with gorse. Queenstown never sensed the full horror of the Lusitania disaster until today, but when the funeral started the realization came that each cheap coffin held a body and that in the Atlantic, less than 20 miles away there were over a thousand more, all victims of a German submarine.

## SENATE READY FOR SECOND SESSION

HAS LAND BILL FORMULATED FOR INTRODUCTION WHEN GOVERNOR'S CALL IS ISSUED.

PHOENIX, May 10.—While the house has been quarreling, bickering and acting like a kindergarten with the teacher absent, the senate, through its committee has been delving deep into the musty tomes of state, and the result is now in concrete form in the shape of a general appropriation bill providing for every department of state and for every necessary furtherance of the public's business during the coming biennium at a cost to the taxpayers of nearly two and a half million dollars less than the sum asked for by the administration.

This bill is complete and ready for consideration. It is simply being withheld to give the house a chance to pass its measure and get it before the senate. If this is not done in a reasonable time, then work upon the senate bill itself will be commenced.

In addition to the revenue measure, the senate committee on appropriations headed by Senator Stapley has prepared and had printed the most complete tabulation, segregation and compilation of state requirements yet promulgated.

It represents a large amount of labor, but every department stands by itself, separate columns being devoted to the sum appropriated for such department (itemized) for the biennium ending June 30, 1915; the sum asked for in the administration bill this year, and the sum actually recommended by the senate for the years ending June 30, 1917.

And then, in addition to these accomplishments the senate committee on public lands composed of Senator, Riggs, chairman, and Senators Webb, Claridge, Garvin, Colter, Munds and Karns, has been working on and today completed a land code which will be in the hands of the members for their consideration and ready for introduction as soon as the governor issued his call for the second special session which is expected any day.

This bill takes care of the school land question and provides for a single land commissioner. It is still in the hands of the committee, but will be ready by the time the senate meets tomorrow.

The lower house was in session but a few minutes. Chairman Powers, of the appropriation committee announced that the bill was complete with the exception of the road fund, the interest funds, and a few other smaller items.

BARRED FROM EXCHANGE LONDON, May 10.—More than 200 British members of the stock exchange have mobilized to prevent, forcibly if necessary, the entry of any German members who might be brave enough to attempt to enter the exchange in disregard of the warning to stay away. Only one band of naturalized Germans appeared in the neighborhood, but did not attempt to enter.

## Enormous Number Of Prisoners Taken

VICTORIOUS AUSTRIANS AFTER BREAKING THREE RUSSIAN POSITIONS ASSUME NEW OFFENSIVE.

PRESS HEADQUARTERS WITH THE AUSTRIAN ARMY IN WEST GALICIA, May 10.—The first stage of the battle in West Galicia is virtually concluded. The victorious Austrian troops after breaking three fortified Russian positions, have resumed a new offensive. The 70,000 prisoners are already believed to be increased to 100,000.

The second stage is beginning farther east where the second Austrian army, after storming a crest of the Carpathians is driving back the Russians between the Lupkow and Uzkok passes.

London Statement. LONDON, May 10.—The situation in Flanders and the Carpathians, where critical battles are in progress, is still obscure. In the west the Germans and the allies, each claim considerable gains.

The Russians admit reverses in the Carpathians, but concede no such severe defeats as are claimed by Berlin and Vienna. The Russians claim that the Teutons are now being checked.

Austria claims the driving of the Russians back between the Lupkow and Uzkok passes, and claims to have taken 70,000 prisoners.

Check in Northwest. LONDON, May 10.—The telegraph company publishes a Copenhagen dispatch that the Germans met with a check west of Mitau the capital of the Russian province of Courland. The Russians are in strong positions, and compelled them to retreat.
